TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Greenville in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Greenville on Tuesday, the eleventh day of March next, between the hours of ten of the clock in the forenoon and six of the clock in the afternoon, then and there to bring in your ballots for the following town officers:

Town clerk for one year; tax collector for one year; town treasurer for one year; selectman for three years; highway agent for one year; water commissioner for three years; cemetery trustee for three years; library trustee for three years; two auditors for one year; three firewards for one year.

And at seven-thirty of the clock in the afternoon of the same day at the same place to act upon the following subjects:

Art. 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Art. 3. To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

Art. 4. To see if the town will vote to authorize the selectmen and town treasurer to borrow money in anticipation of taxes and pass any vote relating thereto.

Art. 5. To see if the town will vote to raise and appropriate the sum of \$170.77, the State to contribute \$683.06, these amounts to be used jointly for town road aid, or take any action thereon.

Art. 6. To see if the Town will vote to petition the State Tax Commission to have an audit made by the division of municipal accounting, and raise and appropriate a sum of money to cover the expenses of such an audit.

Art. 7. To see if the town will vote to authorize the selectmen to secure the assistance of the State Tax Commission in reappraising the taxable property in the town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the town on the same standard of value, and to raise and appropriate money to pay for same.

Art. 8. To see if the Town will vote to raise and appropriate the sum of \$93.00 for the Monadnock Region of Southern New Hampshire, or take any other action thereon.

Art. 9. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the sinking fund established at the annual town meeting in 1944, said money to be used for post-war construction, or take any other action thereon.

Art. 10. To see if the Town will vote to appropriate the unexpended Welcome Home Day money, and raise and appropriate the additional sum of \$500.00, these two amounts to be used for improving the Ida F. Taft Memorial playground, or take any other action thereon.

Art. 11. To see if the Town will vote to raise and appropriate a sum of money to install an electric light on the third pole on Mill Street leading from Main Street, or take any other action thereon.

Art. 12. To see if the Town will vote to raise and appropriate a sum of money to install an electric light at a point near the public school on what is sometimes called School Street, or take any other action thereon.

Art. 13. To see how much money the Town will vote to raise and appropriate to complete the oiling of Ashton Place from a point at the foot of the hill near the residence of Gilbert Deschenes to its junction with Mill Street, or take any other action thereon.

Art. 14. To see if the Town will vote to raise and appropriate a sum of money to build a sidewalk on one side of Columbian Avenue, or take any other action thereon.

Art. 15. To see if the Town will vote to raise and appropriate a sum of money to repaint the exterior of the town house, or take any other action thereon.

Art. 16. To see if the Town will vote to have the entrance to the town dump cleaned up, raise and appropriate the sum of \$500.00 to hire a caretaker to keep said dump and surroundings clean and orderly, or take any other action thereon.

Art. 17. To see if the town will vote to authorize the selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds, or take any other action thereon.

Given under our hands and seal, this twenty-fourth day of February, in the year of our Lord nineteen hundred and forty seven.

CHARLES E. SAWYER,
J. WILLARD BUTTRICK,
ARTHUR E. PELLETIER,

REPORT OF FIREWARDS

The Fire Wards have no serious fire loss to report for the year 1946. The fire alarm system is now operating with the siren and all the boxes are in order, in case of fire.

The new wiring of the system for which appropriation was made last year will be installed early this spring.

Due to the fact that there are over 400 sawmills registered for operation in New Hampshire and many acres of slash on the ground, the Forestry Department of the State has requested that all persons be extremely careful in regard to the matter of forest

fires. An average of 7300 acres of woodland are burned over in the State each year and analysis of the causes show that over 98% of all fires are the result of human carelessness. An excerpt from the State regulations is printed below.

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES**—his efforts are only as effective as is the cooperation you give him!

In case of forest fires, notify the following wardens in the town of Greenville.

WM. H. DOONAN, *Chief Warden*
 J. WILLARD BUTTRICK, JR., *Deputy Warden*
 OSCAR LIVINGSTON, *Deputy Warden*
 CLYDE S. EATON, *Deputy Warden*
 J. ALFRED CHOUINARD, *Deputy Warden*

CHAMBERLIN FREE PUBLIC LIBRARY

Report of Librarian to The Trustees

I hereby submit the Annual Report of the Library for the Year ending December 31, 1946.

During the past year the library has been open every Monday evening and Friday afternoon.

No. of visitors during the year	2,867
No. of books loaned	2,072
No. of magazines loaned	1,003
No. of new books added	41
No. of gift books received	20

We are deeply grateful to the Woman's Club, Miss Alice Hunter and Russell Kimball for books given to the library.

There were 211 more visitors to the library this year than last. Books loaned show an increase of 510 and the number of magazines increased over last year by 339.

Groups from both the Public and Parochial schools have visited the library with their teachers. Schools and librarian are working more closely together in recent years, a great deal of reference work being required by the schools. Copies of old Geographic Magazines have been made available to the teachers for school use.

We hope to add an up-to-date set of Encyclopedias to the library this coming year for reference work.

Any suggestions from parents and teachers for the betterment of the library would be greatly appreciated.

Respectfully submitted,

GERTRUDE S. KIMBALL, *Librarian*

AUDITORS' REPORT

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Tax Collector, Town Clerk, Water Commissioners, Fire Wards, Cemetery Trustees, Library Trustees, Town Hall Rent Book and Municipal Court for the fiscal year ending December 31, 1946 and find them correctly cast and properly vouched.

We find that the Road Agent's bills rendered to the Selectmen correspond with the order issued to him.

As required by the State Tax Commission, we examined the list of unpaid taxes and found this list correct.

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Greenville:

I respectfully submit my twenty-fourth annual report as your Superintendent of Schools.

OUTLOOK FOR EDUCATION

The State Board of Education with the leadership of the new Commissioner of Education has carefully drawn up a new plan for state aid, and suggested a largely increased legislative appropriation to make it effective. The Interim Commission authorized by the 1945 Legislature has made an exhaustive study of public education in New Hampshire and their report further emphasizes the need of largely increased state aid to the local school districts.

The state aid plan in use since 1919, providing for elementary schools only, was based on a very complicated formula which was difficult to apply and unsatisfactory in its administration. Furthermore the legislative appropriation was seldom sufficient to cover the requirements of the law.

The proposed plan, which would give state aid for support of high school as well as elementary is embodied in a bill now under consideration in the Legislature. It sets up a simple formula allowing a fixed sum of money for each pupil attending school in any given school district. Two kinds of state aid are proposed; first, an *Equalization Fund* to supply any district with the money it needs for support of high and elementary schools beyond the amount of a local tax of \$6.00 on each \$1000 of equalized valuation; second, a *General Fund* to supply to every school district in the

state a certain sum of money for each child attending school.

These funds must be provided by legislative appropriations; in case such appropriation is not sufficient, provision is made to supply the *Equalization aid* first and to distribute the remainder as *General aid* proportionally.

The reasons for the proposed new plan and its justification are to be found in a comparison of New Hampshire with the other states of the Union. New Hampshire is the fourth lowest state in the percentage of state aid furnished the local school units, providing only 7% of the local costs of elementary schools as compared with a national average of 35%. New Hampshire is the only state not now providing state aid for high school costs.

Education is universally recognized as a responsibility which the state cannot escape by throwing the entire burden of costs upon local real estate taxation—a burden so unequal that it amounted to a tax ranging all the way from \$3.73 per \$1000 in one town to \$32.41 in another town in the school year 1944-45.

A citizenry made up of people enlightened through universal education is the only sure guarantee for the protection of the American democratic principle of the dignity and worth of the individual, and is as necessary as adequate military defense. The Nation's economic security depends more upon acquired knowledge and skill than upon natural resources. Democracy is constantly threatened by hostile alien political, economic and social theories that can be defeated only by vigilant, constant efforts comparable to those that won the war, in which every individual has a responsibility and a contribution to make.

In such a citizenry no less than a complete high school education for every mentally competent child is sufficient. No less than the very best teaching will assure such a degree of intelligence. The most competent persons must be secured and adequately trained for the teaching profession,—persons who have the understanding and skill to discover and intelligently stimulate and develop the talents of children. The practitioner of no other profession needs more highly specialized knowledge, more technical precision and artistic skill, than the teacher.

Against this conception of the ideal as a background, let us look at the present condition: more than a third of the nation's 900,000 teachers have quit teaching entirely since 1939; 60,000 vacancies have not been filled at all and 109,000 persons lacking the full qualifications for teaching certificates have been employed on

emergency permits. Nearly 500 such persons are now teaching in New Hampshire.

The end of the war brought no relief, and there will be no relief until persons of high native ability can be attracted to the teacher training institutions in much greater number, and there receive a full four year training. Such persons will not be keen to invest four years in this training unless they can expect rewards, in terms of money and satisfactions, that are comparable to those in other occupations requiring a like amount of training.

SALARIES

Last year I reported that a survey of current salaries of elementary teachers in New Hampshire showed that in towns with less than 600 population, sixteen were paying less than \$1200 and eleven were paying from \$1400 to \$1500. A like survey this year shows only four towns paying less than \$1200. \$1400 to \$1500 is the minimum salary in twenty-seven towns, and the maximum salary in thirty-two towns. Nine towns are paying \$1600 to \$1800. The five towns in this group in our Union are paying from \$1200 to \$1650.

Towns whose population ranges from 600 to 1000 are paying elementary teachers from \$1200 to \$2100, except that six pay less than \$1200.

Towns whose population ranges from 1000 to 1500 pay from \$1200 to \$2000 with none less than \$1200.

Towns whose population ranges from 1500 to 2500 are paying from \$1350 to \$2340 with none less than \$1300.

The survey shows that there was a definite upward trend of salaries from last year to this, and at this moment many New Hampshire towns are granting further increases for the current year ranging from \$200 to \$400.

BUDGET

The budget presented calls for an assessment of \$14,985 which is an increase of some \$2500 above the amount required last year for the following reasons. We know that teachers' salaries everywhere must be increased, so we have set that estimate at \$5400.—, \$900 above last year's estimate. Textbooks and supplies have increased in unit cost around 35% to 40% so those items have been increased. The \$50 heretofore allowed the school physician is low as compared with similar fees elsewhere. We think it should be

\$100. Expenses of administration are increasing with other costs, calling for \$200 next year. Insurance premiums due will amount to approximately \$300. Our estimate for high school tuition is based on approximately the same number of pupils but reflects a probable increase in tuition rate, perhaps to \$123 per pupil or a total of \$5166.

MEDICAL INSPECTION

The physical examinations were conducted by Dr. Karr and Mrs. Gilbert in November and December and they report as follows:

	<i>Public Schools</i>	<i>Sacred Heart School</i>
